Instructions to the practical examination supplementary candidates

Practical supplementary examinations for the courses of 6th semester UG and 4th semester PG will be conducted as a written examination based on the principles of the experiments performed. The examination will be conducted online on the Code Tantra platform.

The virtual laboratory classes will be conducted for Physics, Chemistry, Botany, Zoology, Environmental science, microbiology, and Biotechnology. The classes start on the 22nd of July 2021. Candidates appearing for the supplementary examination in these subjects can attend the practical classes. If interested, please contact Prof.Poonam with your details (Registration number, name, practical course code, and title of the practical course). The mail id is poonam.ahuja@sjc.ac.in

PG candidates writing the supplementary practical examination may contact the respective PG course coordinator.
