

NOTICE

19-07-2019

Attention: 4th-semester students : Term Paper Title registration

All Undergraduate students except those enrolled for the B.Voc. program must submit a Term paper in their 5th semester. Candidates are hereby directed to identify a suitable title of their interest in consultation with an eligible guide. The Term paper topic need not have to be related to the program / courses one has enrolled for. It can be a general topic of ones interest. All teaching faculty members (both full time and part time), Director(s) of physical education and the Librarian are the eligible guides. If a student wishes to work in any national laboratory under a scientist or any eminent person, there must be a faculty member from the college as a co-guide. However due to the pandemic, students are advised to select only the faculty members as guide in this academic year. The email id of the faculty members can be found on the college website. (Academics → school and Institutions).

After identifying the Topic, students are expected to register the Title and the Guide via their Linways portal. The registration will open on the 2nd of August. If the guide is the external person, the registration must be done under the Co-Guide. The last date for the registration is the 14th of August 2021.

Guides and Co-Guides are hereby requested to approve the Title as and when the students apply for the same. The approval must be done latest by the 16th of August.

Kindly note: The Term paper must be submitted as soft copy to the Guide or Co-Guide latest by the 22nd of November 2021. All Term papers will be scrutinised for the plagiarism. Submitting a Term Paper (whole or part) as one's own, but was created, researched or presented by someone else, will be considered as serious malpractice. Those who fail to submit the Term apaper in order will be marked Failed in the V semester result sheet and marks card. Submission of the Term paper is one of the Course completion requirements.
