Course Objective: The objective of the course is to familiarize the students with the role of Institutions in International Relations. It further strives to shed light on the process through which these institutions shape global polity and foreign policy of nation-states. This paper has topics for debate and student self-study (SSS) in each chapter, with guided readings.

I United Nations: Centre Piece of Global Governance

Historical overview of the United Nations

The UN Charter and Key Principles

The Principal Organs of the United Nations (SSS)

The UN's Relationship with Regional Organizations-EU, ASEAN and OAU

Debate: Is the UN losing its hallowed place in International Politics? (10 Hours)

Learning Outcomes: Students through this module would have developed a thorough understanding of the concept of Global Governance and International Organizations in International Relations.

II Inter-governmental Organizations and International Law.

Intergovernmental Organizations-Meaning and Features, Rise and Growth of IGOs
Non-Governmental Organizations-Meaning and Features, Background, Functions and working of International NGOs.

International Law-Meaning, Features and Sources

Functions and enforcement of International Law (SSS)

Debate: Has International Law enabled or stymied the role of Non-state Actors in World Politics? (15 Hours)

Learning Outcomes: Students through this module would have understood the utility of Inter-governmental organizations, Non-governmental organizations, and International Law.

III Global Commons

Idea of the global commons;

The Tragedy of the Commons;

Sustainable Development – MDG s and SDGs (SSS)

Governing the Commons **(15 Hours)**

Debate: How are the Global Commons viewed in the Post-Globalization Era?

Learning Outcomes: Students through this module would have grasped the concept of Global Commons that is quite popular in political economy discourse.

IV International Political Economy

International Political Economy-Meaning and Fundamentals

Global economic Governance

Free trade vs. Protectionism

The Development Gap

Trading Blocs-NAFTA, ASEAN, SAARC, EU and RCEP

The Bretton Woods Institution (SSS) **(10 Hours)**

Debate: Is International Political Economy entirely revolving around Neo-liberal interpretations of International Relations?

Learning Outcome: Students through this module would have comprehended the subtleties of contemporary IPE discourses.

V Foreign Policy of India and Global Issues

Foreign Policy-Evolution and Growth

India and the USA, Russia, China, and Africa

India and Look-East Policy

India and South Asia

India and Central Asia

India's Nuclear Policy

India and Climate Change Negotiations (SSS)

(10 Hours)

Debate: Locate the changes of foreign policy in contemporary India.

Learning Outcomes: Students through this module would have developed the critical faculties to evaluate India's foreign policy vis-à-vis other countries around the world.
